Attached is a translation of a letter from Collective Raw Materials, National Corporation (Sberne suroviny, narodni podnik), Prague I., V Kolkovne 7, addressed to its Center No. 3710 in Prague XII., Balbinova 6, dated [redacted]

This letter is marked "Secret" and it seems to indicate that measures for the protection of potable water are being taken in Czechoslovakia. These are safety measures against sabotage, which during war time would include measures against bacteriological infections. This was especially clear, ac-

[redacted] from the information requests filled out and attached to the original document, as mentioned in the attachment. It was not possible to acquire these information requests.

Re.: Protection of water installations.

Date:

We request you to fill in all the items of the attached information request before we proceed to carry out actual repairs and safety measures in the frame of work to be done for the protection of potable water installations in order to prevent accidental or intentional pollution of water.

Please discuss these questions with your water supply engineer whose name you gave us some time ago and inform us of the result .
Do not fail to list all the branch plants belonging to your center and fill in a separate information request for each.
